Mesa, AZ 85211

Re: ADOT ECS File JPA 97-98
AZTech Project /TRACS No.: H4450 02X
Amendment Two

Dear Mr. Sanderson:

Conditions have changed since the production of the AZTech agreement (enclosed). We may use this instrument to reflect those changed conditions.

Therefore; on page 2, under Scope of Work, the following paragraphs are added to read:

1. City will:

l. "Enter into a contract with a Traffic Check Vendor to install Traffic Check Services on City-owned public access CATV channel.

m. "Provide operation and maintenance for the system for at least three additional years at an expected cost not to exceed **\$10,000.00** per year. The City can review the operation and maintenance (O & M) requirements after the first year funded by the State, and the O & M level can be revised, if desired, based on that review, or the O & M can be terminated at the City's discretion".

All other terms and conditions of the agreement remain the same.

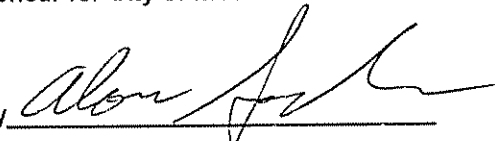

To properly memorialize this amendment, and to insure a meeting of the minds, please indicate your concurrence by signing in the space provided below and return one original to the undersigned at the above address to the attention of Mail Drop 616E. Questions may be directed to the undersigned at (602) 712-8088 or Ms Sandy Tweedy at (602) 712-8329.

Sincerely,

Lynn A. M. Grandy
Joint Project Coordinator
